

Converter Control

Power-Control
Voltage/Frequency-Control
Capability calculation
Sequences control
...

Set-points and orders for:
- I_d , I_q
- U_{dc} , U_{ac} , f
- ...

Upper-Level Controls

Current-Control (Non-Island)
Voltage/Frequency-Control (Island)
Energy-Control
Energy-Balancing-Control
Circulating Current Control

Valve reference voltages

Lower-Level Controls

PWM
Nearest Level Control
Capacitor voltage balancing

Switching pulses

Valve building block

Semiconductor switching
